

A Key to GOOD HEALTH...

**FREE
HEARING
ASSESSMENTS
OFFERED!**

...is regular checkups.

The following checkup schedule can be used as a handy point of reference.

**EVERY 6
MONTHS**

- Dental checkup

**ONCE A
YEAR**

- Hearing exam
- Eye exam
- Full physical
- Flu shot

**EVERY 3-5
YEARS**

- Diabetes screening
- Skin cancer screening
- HPV test
- Thyroid test
- Cholesterol screening

When scheduling routine care, **don't overlook your annual hearing assessment.**

A baseline hearing exam is essential in promoting healthy hearing. It can help detect hearing loss early enough for your provider to treat it successfully, preventing or reducing the likelihood of physical, mental and social health complications from affecting your quality of life.

*The purpose of this hearing assessment and/or demonstration is for hearing wellness to determine if the patient(s) may benefit from using hearing aids. Products demonstrated may differ from products sold. Test conclusion may not be a medical diagnosis. The use of any hearing aid may not fully restore normal hearing and does not prevent future hearing loss. Testing is to evaluate your hearing wellness, which may include selling and fitting hearing aids. Hearing instruments may not meet the needs of all hearing-impaired individuals. Information within this offer may vary or be subject to change.
