### Note from Dr. Bauman

May, such an important month in our lives. The spring in Connecticut is at it's best. Earth has awoken from a deep darkness of winter and all become alive anew. But May is also very meaningful to me as in May we celebrate the Month for Better Hearing. I have often wondered why May was chosen to be the month to celebrate the value of better hearing. Perhaps it has to do with the springing to spring and the celebratory time for renewal of life. The value of hearing is such an important contributor to the value of life. Imagine there are no birds to listen to, Imagine there are no voices to rejoice in, Imagine there are no winds wondering through trees, Imagine there is no cry of your first born, Imagine there is only silence This is a world I do not

want to live in. Imagine all can be not just a dream. Let us all celebrate the value of better hearing.
